Youth on Campus

When considering what level your interaction with minors might be, you can use the following guidelines as a start. A full risk assessment should be scheduled with University Youth Programs and together, the appropriate levels of risk management will be decided.

**Tier 1**

Lower Risk - Some examples include but are not limited to day camps, tours, or activities involving:
- Classroom activities where speakers are heard,
- walking tours, class visits,
- crafting and low impact game play, or
- your program shares supervision with parent, legal guardian, or third party staff (ex: teachers, coaches, chaperones)

**Tier 2**

Moderate Risk - May include but are not limited to programs that include:
- an overnight stay,
- activities using equipment, or
- programs that have moderate level of physical activity.

**Tier 3**

Higher Risk - May include but are not limited to programs that include:
- Overnight stays,
- sport activities, or
- activities in laboratories.

*Please note, this graph is not an accurate depiction of totals for percentages of youth on campus.*
